Dear Parents and Carers

As part of our learning this term, we have planned a cookery session in which the children will make their own strawberry ice lollies at school.

For this activity, we will be using the following ingredients:

- Water
- Strawberries

The children will have the opportunity to explore the ingredients and help prepare their ice lollies. They will also be encouraged to talk about what they can see, smell, and feel, helping to develop their food-related vocabulary through words such as sweet, juicy, cold, smooth, crunchy, and soft.

The activity will be carefully supervised, and appropriate food hygiene procedures will be followed throughout.

The ice lollies will be prepared on Friday and stored in the freezer over the weekend. Once frozen, the children will have the opportunity to taste their ice lolly in school. This will provide a valuable opportunity for them to try a food they have helped to prepare and to share their experiences with their friends.

Parental consent is required for your child to participate in the cookery activity and to taste the ice lolly. When completing the Google Form, please also inform us of any allergies, intolerances, or dietary requirements your child may have so that we can make any necessary adjustments.

Please complete the following Google form to give consent for your child to take part and update us of any dietary requirements or allergies so that we can make appropriate adjustments where necessary: <https://forms.gle/ZaSFSCbVXackdJxe6>

As a gentle reminder, to ensure pupils continue to enjoy a broad and varied range of experiences in these lessons, we kindly ask for a voluntary contribution towards the cost of ingredients. Contributions can be made via ParentPay under DT Contribution.

Thank you for your support.

Kind regards

Foundation Stage Team
